

# Drying Furnace

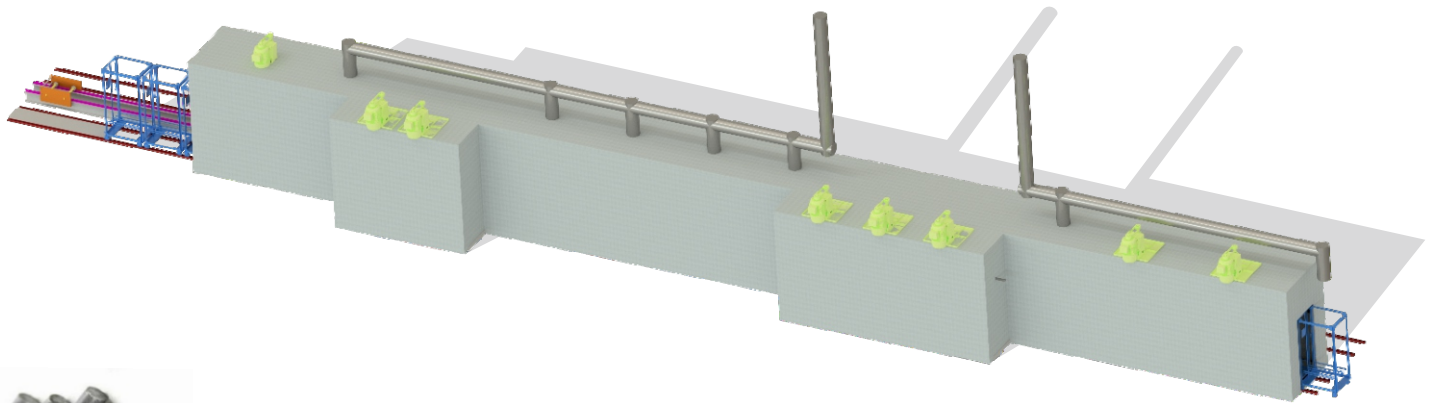

## Tunnel Type

[www.mepstec.com](http://www.mepstec.com)

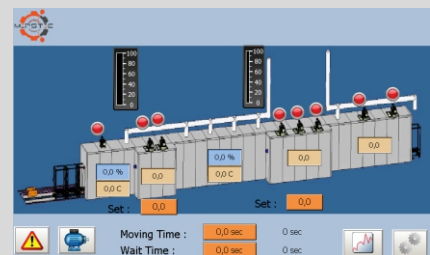

[info@mepstec.com](mailto:info@mepstec.com)

## Features

- Automatic loading
- Temperature and humidity sensors
- Up to 150°C working heat
- Real time power consumption monitoring
- For rutile type electrodes
- Computer controlled recipe system
- Can be customized according to customer requests
- Special design combustion chamber
- High turndown ratio gas burner

MACHINERY - DIGITALIZATION - AUTOMATION
